THE ROAD NOT TAKEN

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I-
I took the one less traveled by,
And that has made all the difference.

Robert Frost

RECENSIO '70

AMELIA HIGH SCHOOL
AMELIA, OHIO
VOLUME XXIII

With Much Affection

The staff of the '70 RECENSIO dedicates this edition to Mr. Hugh Dunn, chairman of the Science Department, teacher of Advanced Mathematics and Physics, sponsor of the Chess Club, leader in district professional organizations, and above all, counselor and friend of Youth.

Mr. Dunn has been a member of the Amelia High School staff for eleven years. During that time he has gained the respect of faculty and student body alike by his contagious optimism, never-failing good humor, and high standards of personal integrity. With his wife Markie, also a teacher, his son Kenny, and their newly-adopted daughter Lee, Mr. Dunn lives on the traditional land of his family near Nicholsville, from which many members have gone forth to teach in Ohio's public schools and colleges.

Our high flying faculty member, who has a pilot's license and takes his senior students up for an occasional spin, has served briefly as part of the NASA program, and has done much advanced work at Ohio and western universities after obtaining his Bachelor's Degree at Miami of Ohio. Beyond his professional competence, however, one must rank his many personal attributes. Whether it be as a leader in church activities, community responsibilities, or as an unstinting worker in furthering the welfare of his chosen profession, Mr. Dunn is universally admired and respected. The teaching profession and the cause of Education itself are fortunate to claim such men as Hugh Dunn as one of their own!

Amelia has a wide choice and varied list of extra-curricular activities, giving each student a chance to avail himself of the opportunities offered in outside fields.

Among the most challenging of these activities is the work of the Annual Staff.

Working feverishly in a race against time, and the deadlines, thinking up vivid verbs for posed pictures - these are just some of the things that challenge the Annual Staff. Although all of it was hard work, at times it was fun, and over-all we are proud to have contributed our time and energy to the production of the RECENSIO.

Few members of the student body realize how many long hours of every school day are spent making layouts, writing copy, planning pictures, and doing numerous routine jobs without which the publication of our Annual would be impossible.

Despite the hard work and unexpected obstacles, we were finally rewarded by a deep satisfaction at the vision of the completed 1970 RECENSIO, a tribute to the Annual Staff, Mr. Nutgrass, Mrs. Luddy, our advisor, and most of all, a tribute to the TRADITION of AMELIA HIGH SCHOOL.

Underclassmen

Learning has been the most important goal in laying the foundation of education for a student, but organizations and activities have given each the chance to further his or her own knowledge in subjects that were of interest to him. Also, the student can make new friends with fellow students and teachers who have shared this interest. The Underclassman must take advantage of this opportunity before his knowledge can be extended beyond the classroom.

New Administrators Focus On Leadership

Once again Amelia High School was under new administration. Mr. Albert Nutgrass and Mr. Herschel Cornn found the high school a great challenge after working in the West Clermont junior high schools. Their goal was to establish an atmosphere of learning, personal responsibility, and citizenship.

Mr. Nutgrass worked closely with the Student Council to establish greater responsibility for student affairs and with teachers to upgrade the educational program.

Mr. Cornn supervised attendance and discipline. His goal was to instill greater personal responsibility in these fields. His work ranged across many additional areas of administration, specifically instruction and text books.

Students Take Advantage Of Auxiliary Services

Mrs. Jones discusses the results of the Vocational test with Judy Fley.

The sophomore class received the results of the Gatb tests and vocational tests from Mrs. Jones. In a year of fast moving action Mrs. Jones devoted much of her time to help the student plan his future.

In this past year health became a most important subject in the Clermont County School System. Sophomores and seniors of Amelia High were asked to take the TB tests offered by the School System. Our nurse, Mrs. Mary Stevens, R.N. did a very good job in achieving the goal to fight TB in the school.

The library at Amelia High School provided guidance for the student interested in the field of bookkeeping. In the newly established library at Amelia, the student has an ever-growing source of information.

Mrs. Stevens, in search for wisdom, finds a cavity in David Gordon's mouth.

Miss Fizer selects one of her favorite masterpieces, LILIES OF THE FIELD.

The Space Age brought about a great revolution in the teaching of science and mathematics. The events from Sputnik to Apollo 13 had captured the imagination of the civilized world, and as a result, teachers from public schools and colleges - as well as scientists in industry - formed committees to take a long look at WHAT to teach and HOW to teach it. Many new curricula resulted and several of these were adopted at Amelia High School. Although content varied greatly, a unifying thread linked most HOW'S of teaching; namely, the use of the inductive approach. In both laboratories - science and mathematics - the student discovered through independent study the laws for himself.

The Decade Of The 60's Marks Its Place In History

For the first time, the 1969-70 school year brought a different approach to the Social Studies area. A history of ideas replaced the monotonous facts.

In class discussions students fought the Vietnam War, debated President Nixon's domestic and foreign policies, traveled to the moon with Apollo 13, and progressed to concerned voting citizens opposing the college riots.

This innovation required well-trained teachers and reaped a harvest of well-informed students.

A world of friendship exists among the teachers of the Social Studies department.

English Department
Community Involv

English courses, traditionally known to follow the STATUS QUO, have undergone some modifications at Amelia High School this past year. New classic editions in literature have been added at the college preparatory level, and several general course revisions have also been made. Composition books have been utilized in all four grades with a decreasing emphasis on formal grammar in the last two years. Basic classes have done extensive work in narrative, personal writing, and the paperback program continued on all levels.

Initiated by the district's new curriculum director, discussion is being held between all junior and senior high schools relating to further correlation and revision of the entire program in the years ahead. A dynamic society requires dynamic education, and the English Department intends to keep in step.

Flexibility served as the strongest facet in the home economics department. A well trained faculty, prepared to teach in more than just one program, was the reason for much variety in Vocational Education. Foreign Language Department Pursue Excellence

Teachers, students confined to the classroom? Certainly not! At Amelia High School, students and teachers were recipients of an unusual distinction: the Foreign Language Laboratory. The laboratory was designed for independent study of such problems as pronunciation, enunciation, and intonation. To achieve this goal the teachers permitted students to use their study halls at their own discretion.

Observing Miss Stratman, Mr. Randall sits in on her French III class.

Sally Niehaus, 1968 Homecoming Queen, becomes a part of the tradition by crowning the Queen.

What made the 1969 Homecoming the success it was? Was it the half-time queen crowning ceremony, or was it the excitement of the float contest?

Or was it the groovy band that played at the dance?

Or was it the traditional kiss by the captain and co-captain?

Or was it the half-time show by the drill team?

Or was it the twirling of the fire batons by the majoretts?

Was it all of these events combined, or was it just one particular event?

Despite a mid-year turn over in all divisions of the annual, the 1970 RECENSIO grew slowly toward a finished example of the appreciation and affection internally felt by the sometimes outwardly cynical student body.

Invisible pictures, anemic copy, incomplete lay-outs, and misplaced staff members CHURNED the RECENSIO into a summer deadline which almost ended its successful venture.

Foreign Appreciation

"Le Cerise Francais" sought to invigorate students of Amelia High School with a little touch of the magnetism of France (A combination of brillant beauty, classical illustrations of culture, and the warmth of personality that blends the ingredients perfectly). The projects which fulfill the goal of vaccinating Amelia with a little French culture included: a preparation of cheese, a luncheon at Pigall's; and a decoration of the interior of the French room designed around French landscapes and landmarks. These achievements were sidelined by the distinguished efforts of the sponsor, Miss Laurel Stratman.

The final social event was a Christmas party which was planned in cooperation with the Spanish Club and JCL. Then, the "Ways-and-Means" Committee stepped in to sell raffle tickets for a Peter, Paul, and Mary Concert. The winner, Pam Murphy, enjoyed an evening at Music Hall.

Sports

The beneficial aspects of athletics are not found in the wins of defeats, but ... in the mental enlightenment gained by participants and onlookers. Athletics is a one-act drama preparing the individual for life's three-acts. In preparation, high school encourages competition and sets up helpful guidelines for that maturational level, but sometimes disappears at a higher one. In any perspective, a strong concept of good sportsmanship is life's MARK OF DISTINCTION.

Basketball
A Season Plagued By Frustration

A very frustrating season plagued the Amelia Barons. In their opener, Amelia edged the Milford Eagles with a (67-64) victory. Ending the winning spree before it began, Glen Este outscored the Barons (73-49). This defeat did not dampen the team's ENTHUSIASM because in the next game Amelia overwhelmed Bethel. HUSTLING, the DETERMINED Barons posted four more victories and eleven defeats.

Persistent Hustle Harpoons C.C.L. Championship

Depicting an aggressive, united-team, the 1969-70 reserve basketball team charged on to a triumphant season composed of many peaks and a few discouraging pitfalls. In their first confrontation with Milford, the scoreboard sported a 52-47 defeat. However, because of the team's unremitting efforts, the next four consecutive opponents were crushed by Amelia's enthusiastic basketballers. The team's enthusiasm was hampered by two defeats coming from Courtier Tech. and Batavia. Despite the disgrace of the defeats, the Barons challenged and conquered three more county contenders. In the remaining seven games, there were two losses; but the five final wins were posted for Amelia - stacking them on the top in the C.C.L. The winning spirit and unlimited determination was intensified by Coach Frank Conyers, who prodded the team on to an 18-5 record.

Cross Country Places Second In C.C.L. Meet

The Amelia High School Cross County team made a fine showing this year by winning six of its eight meets and also by capturing second place in the county meet. The team lost by only four points to the New Richmond team.

Then the Barons travelled to the District Meet at Avons Fields and finished a strong ninth out of twenty-eight schools. Among the outstanding runners were Harold Stone, Don Stewart, Mark Smith, Mike Meyer, and John Wellerding.

Freshmen Clinch First Place

Upholding Amelia's winning tradition, the 1969 freshman team remained on top during another competitive season. They tumbled to two defeats which were non-league games.

Mr. Curt Shaw, first year coach and teacher, rallied the team on to three final league victories.

Freshmen Retain CCL

The freshmen captured a co-championship in the CCL again this year. Coach Caudill in his rookie year as coach fired the team into an 8-4 overall record with only one defeat in league play. The Freshmen, whizzing by Goshen at Amelia, reversed the scene of defeat and promptly overthrew Goshen 43-38 at Goshen.

Girls' Interscholastics Epitomizes Skill And Poise

Girls' Interscholastics brought new impetus to athletics at Amelia High School by providing self-discipline, pride, poise and grace. All of these qualities sets the successful girl athlete apart from her peers ... especially poise and grace.

The most vivid demonstration of a close adherence to these attributes appeared in the presentation of awards by Miss Carol Fisher, coach and director of the girls' sports banquet.

Brenda Tissot (Outstanding Senior Girl Athlete) and Marilyn Barton (GAA Honor Girl) participated in all Interscholastic events and led their teams with skill and poise.

G.A.A. Engraves Leadership

The Girls' Athletic Association trained its members for the athletic arena: bowling, basketball, badminton, archery, ping-pong, and a new addition, paddle tennis.

For better performance, the organization attended forums at both - the University of Cincinnati and Miami University. In this way, the sponsor, Miss Carol Fisher and members proved that INTEREST and EFFORT make an athletic association successful.

At the end of the year, a banquet was held to mull over those girls who had excelled in SERVICE to their school. Also, officers for the following year were announced.

G.A.A. OFFICERS (L. to R.): President Jan Montague, Program Chairman Marilyn Barton, Treasurer Gwynne Thompson, Sponsor - (Miss) Carol Fisher, Secretary Debbie Record, and Vice-President Brenda Tissot.

Desire To Participate Propels Intramural Program

Interscholastic athletic participation became so specialized that only a fraction of the student body qualified.

Amelia's intramural program was designed to pick up where interscholastic sports left off and to give students equal opportunity to develop their skills. The program endeavored to provide the students with athletic and recreational facilities of a wide range. In this way, the participants indulged in all sports according to seasons.

The activities were planned around the school day - from after hours to Saturdays. Thus, all teams upheld Amelia's motto - ability is secondary to a sincere desire to participate.

Varsity A Reserves Transition

To acknowledge athletic achievement and to promote interest in the sports curricular were the goals of the Varsity A Club. The greatest achievement by the individual was his acceptance into the club of good sportsmanship.

A major project for the Varsity A this year was to stay in reserve. To keep this long-range project in the planning stages, it had one event this year (the traditional Athletic Banquet) which provided an opportunity to present the newly innovated award (Coach of the Year). Other trophies awarded were the Athlete of the Year and individual sports achievement.

In addition to this activity the boys planned one other social event to provide entertainment for the students (a bonfire).

Mr. Jones UNLOCKS the door to responsibility.

Coaches' Rewards Manifest In Maturity Of Athletes

Mr. Thomas Jones had many responsibilities to fulfill as Athletic Director. He scheduled all ball games, wrestling matches, track and Cross Country meets, and organized the boys' athletic banquet.

The coaches, a federation of dedicated men, devoted hours of sweat and frustration to develop the mental and physical abilities of a fraction of the student body. Promoting the development, all coaches (freshmen, reserve, and varsity) worked in unison to bring the athletes gradually up the ladder to their culmination. The reward to each coach manifested (itself) from the players initiative of broken plays, in the "come from behind" victories, and the broken records.

Amelia Vaults To Third Place

In 1970 Amelia's Track Team LUNGED out of the blocks looking straight toward the C.C.L.; but midway through the season their sprinting events couldn't find the necessary strength to retain early anticipation and enthusiasm. In spite of this demoralizing occurence, the team pulled together some winning components and entered the Clermont County finals at New Richmond.

Having won the championship in 1969, Amelia favored Batavia and New Richmond as the most competitive in the 70's. Battling to win this year, Amelia jumped to third place VIA the wins of Batavia and New Richmond. These two teams tallied for first and second place respectively.

Mr. Kenneth Stewart accepted the trophy for Coach-of-the-Year at Amelia's Athletic Banquet. Varsity "A" presented the trophy for his efforts as first-year head coach of the track team.

Girls' Track Gallop To First In C.C.L.

The Amelia Girls Track Team added more splendor to their already illustrious group of achievement this year. The girls participated in three important track meets. The first of the three meets was at Princeton High School where the team placed second out of eleven competitors. The Central Ohio Invitational at Columbus ended with Amelia High School running off with third place in a twenty-five school field. The finals of their sparkling season proved the girls track team to be in first place in the C.C.L. The success of the season was accomplished with great dedication from the team and their sponsor, Miss Carol Fisher.

Golf Team Swings Championship

The golf team SWANG into action with a moderately successful season. The team TEED-OFF with two losses (Milford and Glen Este). The following two matches were with Little Miami. The putts failed to drop and Amelia CLUBBED these two losses in addition to the next four. Left unbeaten in spirit, the Barons stepped onto Goshen's greens capturing the county championship which led to a final match (for the district's) Amelia seized the fifteenth position in the Cincinnati area.

The young team was coached by Mr. Ed Caudill, who was assisted by Mr. Curtis Shaw.

Together, they guided Amelia to a composite record of 4-6.

Barons Glove Second Place

The season was very trying for the Barons, indeed, the first game was lost to Milford (5-2). However, the Barons used a winning formula for the next five opponents. The Barons pressed on - winning four games, but losing six. The team, not up to par, lost the final game to Country Day (5-3). The coach, Cyrus Richardson, led the team to a record of 9-8 and captured second place in the C.C.L.

To Mike, a real good friend. You have the best parties in Amelia to! They are really fun, but so are you so I'm not shocked. Hey Remember the nite you broke up with Gay G. at mikes M. party (his aunt nearly as good as yours) and you were real lonely! I do! I think that was the night I really started being a friend. Hope we always are to! I know this is kind of typical but Good Luck & if you ever have a party I'll come if I can! Oh they are so much fun! See ya later! Keep on Trucking!

Love ya
Gay
